Organizer

The European Group for Future Workspace founded in 2005, represents a cooperative effort of renowned German and Scandinavian architects, professors and practitioners, who share the goal of actively supporting the implementation of sustainable and modern workplaces in enterprises and public institutions in Europe.

The strategy includes conferences, the maintenance of a European network and the promotion of European research projects.

Realisation

Congress und Presse, one of the founders of the European Group for Future Workspace, has prepared and realized congresses, workshops and exhibitions in Germany and Europe since 2002 using a comprehensive approach that extends to media work. The Congress und Presse office, located in Bonn, Germany, organises the events in ongoing contact and cooperation with its partners.

Congress und Presse
Pirolweg 1
